60 THIRDS GAIN 60 MILLS SWEEP

HAPPY TRIO OF PHILS

MANAGER Eddie Sawyer (centre) of pennant winning Phillies, wears broad smile as he hugs his winning pitcher Robin Roberts (left) and home run cloutier Dick Slater in dressing room Sunday. Slater hit home run that won game and Roberts stopped Brooklyn attack in 4-1 10-inning victory.

Man Arrested in Calgary, For Armed Holdup Here

A second arrest in connection with the two-man armed holdup of an Edmonton garage early Monday was made by Calgary police last night.

Acting on information from Edmonton police, they picked up Stanley Vail, about 26, of Calgary. He is expected to arrive in Edmonton in RCMP custody today to face a charge of armed robbery.

A light panel truck, owned by Vail, and left running near the corner of the 440 robbery of C and C-U-drive, enabled police to trace the man through the license number of the truck.

Spotted by DRIVER
Police believe that Vail and Gordon Manderson, a B.C. man already arrested and charged with armed robbery, came up from Calgary together.

An alert taxi-driver spotted one man at the cash register in the C and C-U-drive office, and notified the police.

Constables W. Mateoson and B. Gorman who arrived in a prowler car shortly after found two men in the garage and chased them. Both escaped, although Mateoson fired a warning shot over the head of one.

PLEADS GUILTY
Later, the accused Manderson was arrested by Constable E. E. Peck, over whom he tried to beat the constable to the floor with a loaded German Legion. He pleaded guilty to armed robbery in police court Monday, and was remanded for sentence.

The two holdup men, before riding the till of 440, bound and gagged Richard Salsman with wire and pins along in the back of the panel truck owned by Vail.

Hibernian Wins
Over Aberdeen
LONDON, Oct. 3.—(Herald)—Hibernian defeated Aberdeen 5-1 in the Scottish League cup soccer quarter-finals today. Today's game broke the deadlock caused by two previous, tie games between the teams.

Hibernian next meets Queen of the South in a semi-final in Edinburgh Saturday.

3 Airmen Killed
BLOOM, Miss., Oct. 3.—(UPI)—Three airmen were killed yesterday when a B-50 bomber from Keesler Air Force base developed engine trouble and crashed while attempting an emergency landing here.

Esks Beat Bombers By 13-10 Score

Berry and Macrae Prove Brilliant In Edmonton Win
By DICK BEDDOES

The road from Goat to Glory was a path paved with Esksimo blocks for a couple of guys named Lindsey Berry and Jim Macrae at Clarke Stadium last night.

For these young men rose up from depths, as it were, to sparkle on an Edmonton club that overhauled Winnipeg Blue Bombers in the stretch and nosed in front 13-10 at the finish.

They had been central figures Saturday evening when Regina Roughriders scored a last-minute converted touchdown to record a stunning 9-6 triumph over the Eskimos. Berry called an end sweep, you will recall, with Esks ahead 5-3 and barely a minute to play.

Macrae bobbed a lateral pass from the Esks quarterback and Riders parlayed that muff into their game-winning point.

THEY SHINE
But last night budding-layers Macrae, who couldn't catch a cold Saturday, got his brothers out of football. And Berry un-leashed an air attack in the last 10 minutes which played a leading role in bombing the Bombers out of the park.

The Edmonton win was the first over the Bombers in three meetings. It gave them a total of 14 points compared with 12 for Winnipeg, eight for Saskatchewan and four for the Stamps.

See "Stirring"

Veletz to Fight In Calgary Ring
SPOKANE, Oct. 3.—(AP)—Joe Veletz, lightweight ring warrior from Spokane, has announced he has signed for a 10-round main event against Ernie Kemmick in a Calgary ring, Oct. 12.

Until his temporary retirement a year ago, Veletz was a popular main event fighter in this area. Both fighters have scored a knockout over Buddy Sloan, a New York "rapper."

O.C. RUGBY
LONDON, Oct. 3.—(Herald)—The Good Samaritan policy really paid off for Winterburn farmer W. J. Campbell yesterday.

Campbell helped a party of duck hunters to pull their car out of the ditch. The dollar they gave him, by way of thanks, had a serial number that checked with the Bulletin's magic money.

He cashed the bill—J.M. 600096—for \$20 at the Bulletin news desk yesterday morning.

SECOND WINNER
Campbell thus became the second winner in the contest.

His bill was the fifth issued in the contest. A sixth bill—K.M. 239025—of one-dollar denomination, was issued yesterday, while a seventh, W.M. 738600, also for one dollar, went into circulation this morning.

First winner of \$20 prize was Mrs. H. W. Dyer, 1254-1254 street, who brought in bill M.M. 10424, on Saturday. It was fourth bill issued in the contest and was of one-dollar denomination.

HOW IT WORKS
Each lucky serial number is published five days. Then it is struck off the top of the list and a new number is added to the bottom of the list.

Thus, N.M. 738600, one-dollar bill which goes into circulation this morning, replaces bill U.C. 500696, of five-dollar denomination, which was struck off the list yesterday.

Here are the three bills still in circulation and unreported at the Bulletin this morning:
H.M. 830545
K.M. 239025
W.M. 738600

The bills are all of one-dollar denomination.
Any of the three bills will get you \$20 at the Bulletin. All you have to do is describe how you first discovered you had the lucky number.

It's all part of a game to discover, half-heartedly, how far and how fast money travels in Edmonton these days.

Late News Flashes

PAPERS SHUT DOWN
PITTSBURGH, Oct. 3.—(AP)—All three Pittsburgh daily newspapers shut down completely today as a strike of mailing room employees went into its second day.

The afternoon Sun-Telegraph and Press followed action of the morning Post-Gazette in notifying employees they will have neither work nor pay until the strike is over.

PRINTERS OUT
LONDON, Oct. 3.—(Reuters)—Several London printing firms today announced they had dismissed 4,500 compositors for impeding production and breaking contracts.

The dismissed men comprise all but 1,000 of the compositors who have been in dispute with their employers for some time over increased wages.

NO OPPOSITION
JOZIEITE, Que., Oct. 3.—(CP)—Returning Officer A. Beinger announced here today that Wilfred Guelin, Independent, had withdrawn from the Oct. 18 federal by-election in Joliette-Astoria-Monkton, leaving Maurice Breton, Liberal, unopposed.

FIRE RAGES
MONT JOLI, Que., Oct. 3.—(CP)—Flames fanned by a wind of pale proportions today destroyed "at least half" the village of Padou, 10 miles east of here in Matapedia county.

Dollar Takes Jump Again
NEW YORK, Oct. 3.—(CP)—The Canadian dollar was quoted at between 94 and 94 1/2 cents in terms of United States currency soon after the opening of foreign exchange trading here today.

The Canadian dollar opened at 94 1/2 cents in terms of the U.S. dollar. It closed yesterday at 94 1/2. The rise thus was 1/4 of a cent.

Bank spokesman said there was "some" trading today and it was steadier at the opening than the "erratic" session yesterday.

The rise at the opening of business yesterday, fluctuated between 2 1/2 and 3 1/2 cents. The upturn followed the Canadian government's unpegging the dollar during the week-end.

Chief Arrested
HAMBURG, Germany, Oct. 3.—(AP)—Friedrich Dettmann, leader of the Hamburg Communist party, arrested today at his party headquarters. Police said Dettmann was charged with having organized and participated in Sunday's Communist-led riots here in which 18 policemen were injured.

Both Mayo and Thompson spent most of the year with the Philadelphiens in the International League.

PHILADELPHIA, Oct. 3.—(AP)—Philadelphia Phillies and New York Yankees agreed today on the use of three replacement players for the world series, left-handed pitcher Jocko Thompson and outfielder Jack Mayo by the Phillies and utility man Johnny Hopp by the Yankees.

Hopp is a replacement for Tommy Henrich, who has a knee injury. Thompson subs for pitcher Curt Simmons, who went into active service. Mayo replaces outfielder Bill Nicholson, ill with diabetes.

Both Mayo and Thompson spent most of the year with the Philadelphiens in the International League.

PHILADELPHIA, Oct. 3.—(AP)—Philadelphia Phillies and New York Yankees agreed today on the use of three replacement players for the world series, left-handed pitcher Jocko Thompson and outfielder Jack Mayo by the Phillies and utility man Johnny Hopp by the Yankees.

Hopp is a replacement for Tommy Henrich, who has a knee injury. Thompson subs for pitcher Curt Simmons, who went into active service. Mayo replaces outfielder Bill Nicholson, ill with diabetes.

Konstanty Will Start For Phils

Surprise Mound Choice Announced By Eddie Sawyer

PHILADELPHIA, Oct. 3.—(AP)—Manager Eddie Sawyer announced today that Jim Konstanty, his great relief pitcher, will start the opening game of the World Series for Philadelphia Phillies.

Sawyer's announcement was a real shocker. Konstanty did not start one game during the 1950 season, although he pitched in 24 games, a modern major league record.

Konstanty's mound opponent will be Vic Raschi of the New York Yankees.

Raschi won 21, lost 8; Konstanty won 17, lost 6.

Early figuring was that Robin Roberts would be Sawyer's starter. Roberts worked in innings Sunday against Brooklyn.

The probable line-up for the opening game:

Yankees: Waitkus, 1b; Woodling, 2b; Ashburn, cf; Berra, c; Snider, rf; DiMaggio, cf; Jones, 3b; Bauer, 1b; Hammer, ss; Johnson, 2b; Semick, c; Coleman, 2b; Golis, 2b; Raschi, p.

Phillies: Jocko Conist and Dasty Boshers, National League; Charley Berry and Bill McGowan, American League. Paul Hines, Al Barlick, National League; Bill McKinley, American League.

PHILADELPHIA, Oct. 3.—(AP)—Philadelphia Phillies and New York Yankees agreed today on the use of three replacement players for the world series, left-handed pitcher Jocko Thompson and outfielder Jack Mayo by the Phillies and utility man Johnny Hopp by the Yankees.

Hopp is a replacement for Tommy Henrich, who has a knee injury. Thompson subs for pitcher Curt Simmons, who went into active service. Mayo replaces outfielder Bill Nicholson, ill with diabetes.

Drive Planned To Manchuria

By Russell Brines

TOKYO, Oct. 3.—(AP)—South Koreans placed nearly 50 miles into North Korea today on a drive aimed to carry all the way to Communist China's Manchuria border.

The South Korean commander then conferred with two top U.S. generals who flew to Koryu airfield at Kangnung, just south of the border.

LT-Gen. Walton H. Walker, Eighth Army commander, and Maj-Gen. Earl E. Partridge, Fifth Air Force commander, talked there with Maj-Gen. Kim Pak II, commander of the South Korean First Corps.

The reason for the conference was not disclosed, but an allied Korean military advisory group of five expressed concern over the small number of prisoners taken—50 to 75 a day.

Advisory officers feared that the Reds may be attempting to mass up in the hills for a flanking attack.

The South Koreans had allied air support on a swiftly advancing bomb line and standby naval gun support alongside their east coast drive.

The Reds were reported running toward Wonsan, 60 road miles north of Kamsong, under reported orders to make a last ditch stand there on the Sea of Japan coast.

275-MILE THIRST
South Korean troops thrust about 275 road miles since they started 15 days ago in the Pohang port area.

"We are going to the borders of Manchuria," said Lt-Col. Jung Hui Huk.

"We will get there in a month—maybe two months. But we want to get there before the winter comes."

The Manchuria border is about 180 miles north of Parang, 30 miles from the border between South and North Korea, it is close to 200.

Communist resistance at the outset of the South Koreans' push was reported light.

Gen. MacArthur's headquarters broke its silence on the Sunday by stating that the South Korean 3rd Division troops had advanced to Tongju, a village 13 miles north of the border on the Sea of Japan.

LITTLE OPPOSITION
As allied soldiers in Korea, however, said specialists of the 2nd Division had moved beyond.

IT HAPPENED TODAY

British Newspapers
Laud Dollar Move

Money, Money

Canada's decision to free the dollar gave British newspapers a big today for some kind word about the Dominion's great potential strength.

In one of three articles, the Financial Times—under the heading "Canada's Financial Strength"—spoke of the potential resources, economic strength and the "newly expanded" facing the Dominion. The Daily Graphic, in a four-column illustrated article, talked of the Canadian north as "possibly the richest storehouse of natural wealth in all the world," and pleaded with Britain to buy more from Canada.

Manners & Morals

Mr. Truman couldn't find a bed in London so he threw a brick at Mr. Attila's window. The Mr. Attila concerned was the British prime minister, it was disclosed in court today. But the Mr. Truman in the case was Arthur Thomas Cyril Truman, a 25-year-old truck driver. He was charged with "wantonly throwing a stone."

The telephone company in Barcelona, Spain, announced that it had complied with the Spanish request of 31 residents of an apartment house to please cut off their telephone service. Hundreds of pranksters called the residents to ask "Mr. MacArthur there."

The apartment house is at 38 Prater Avenue.

Mrs. Margaret Nicholson of Montreal was quietly reading a newspaper when a man came into the Catholic Sisters' Club where she is a patron.

The man asked for a spouse beer and when she returned with it he snatched it. "This is a stick-up and over your cash!"

Mrs. Nicholson didn't hesitate. She brought down "The Wind" all 1,795 pages of it—on the man's head.

He fled.

DAY BY DAY

Gov't Official Due Here For Ceremony

Mr. H. C. D. Howe, minister of trade and commerce, is coming to the city to inaugurate a ceremony for the oil pipeline from Edmonton to Regina this Wednesday. He arrives this evening.

Mr. Howe is expected to confer with pipeline officials here. The minister will go to Vancouver, where he will speak to the Board of Trade Friday.

His western trip is considered significant in view of the uncertainty of gas exports from Alberta with half a dozen companies vying for a franchise. British Columbia and northwestern states are keenly waiting the outcome of current hearings.

The special three-day city council scheduled for 3:30 p.m. Wednesday has been called off, probably until Friday.

City officials today said expected absence of two aldermen has prompted the cancellation.

The finance committee meeting at 4:30 p.m. Wednesday, is to decide the fate of Edmonton Zoo and of Parks Superintendent A. C. Patterson's request for a \$100,000 swimming pool. Then council was to meet immediately afterwards to formally ratify any additions to the municipal bylaws.

Aldermen Ed Clarke has left for TransCanada Airlines for Port, Scotland, to buy purchased livestock for the family farm at Namoo. He is expected back by October 18, nominally on day for the November city election.

Elected last year to fill Mayor Sid Parsons' unexpired term as alderman, Ed Clarke is expected to stand for re-election this year, although he made no public commitment to that effect before leaving for Scotland.

Victor T. Dwyer, 72, step-father of Paul Seddiqui, died Sunday in Washington, D.C.

Mr. Dwyer was the former editor of the Alexandria Gazette, the oldest newspaper in the United States. Funeral was held today in Washington.

N. Thompson, 55, of the avenue, says there is a horse thief at large in the city.

He reported to police his 10-year-old black mare had been missing from his corral since Sunday with no apparent clue as to how it disappeared.

He valued the animal at \$40.

Cooler weather is assisting province-wide fighting of forest fires. 35 forest fires now burning in the province.

All blazes are ground fires, and none are running out of control, officials of the provincial forestry department said today.

One new fire which broke out yesterday in the Naylor area near Battle River was brought under control.

Edmonton's 1950 polio total today hit 34, with a report from city health officials that a woman aged 26 from the west end has contracted the disease.

Col. D. F. Purvis, director of the airport, and Col. E. C. Brown, chief of Jones, director of works and accommodation, formerly of Edmonton, will arrive here tomorrow from Ottawa.

Army officials here are slated to accompany Col. E. C. Brown to the St. John's Western Army Command, on an inspection tour of the North-West Highway System and confer with WAC staff officers.

St. John Offers First Aid Course

Edmonton boys are going to get a chance to learn first aid.

St. John's Ambulance are sponsoring weekly classes in first aid. Memorial church for all boys wishing to take this course.

One hour classes start every Wednesday at 7 p.m. Various gym activities follow the class period.

The course will run for several weeks and certificates will be awarded.

Appeal Court Grants One Plea, Rejects Two

A 16-year-old Jasper truck driver won his appeal from a six-month sentence for theft and was ordered to serve the balance of his sentence in the opening session of the Court of Appeal of Alberta here this morning.

Gordon Guid, sentenced to six months in Fort Saskatchewan last May 23, had his jail term set aside and was given six months suspended sentence.

Guid's counsel, W. Beaumont, asked for leniency on the grounds that Guid had no criminal record and what he and two juvenile companions stole was valued at less than \$25, while he had been convicted for theft of more than \$25.

ARMED ROBBERY

The appeal of Edward Conradson, a Buck Creek farmer, convicted and sentenced to seven years in the penitentiary for armed robbery of the RCMP constable and obstructing a police officer, was dismissed.

Conradson maintained the charge of armed robbery was a technical one arising from the obstructing charge when constables attempted to search his farm premises for an alleged still on Aug. 29.

Mike Pelet, of Edmonton, convicted and sentenced to a total of 18 months last June 17 on six

WILL THREE-DAY National Employment Committee conference in Edmonton going to second busy day members met at 9:30 a.m. in Macdonald hotel to study five major questions affecting national employment. Meeting was attended by Mayor Sid Parsons. Settled near back of conference room are Carl Berg, NEDC member since its inception, and R. J. Talon, one of three Unemployment Insurance Commissioners. Not a member of the National Employment committee, Commissioner Talon will carry its recommendation on winter unemployment measures, insurance and other issues to Federal department of labor.

Cheap Municipal Loans, \$10 Car Licence Urged

Discussions of the Trans-Canada highway route through Calgary are scheduled to start in the southern city tomorrow.

Hon. D. B. MacMillan, minister of public works, and George Monkman, deputy minister, will confer with Calgary city officials at a special meeting in Calgary tomorrow afternoon.

The government's original plan to by-pass Calgary by routing the Trans-Canada highway slightly to the north of the city is being protested by Calgary merchants.

A \$10 licence fee for automobiles in Alberta is advocated by Elmer Roper, CCF provincial leader.

He said in a radio address Monday evening that government revenue from oil should be used to cut the Alberta rate for private cars to the \$10 fee that is in effect in Ontario.

Mr. Roper proposed that part of the \$70,000,000 government surplus be loaned at low interest rates to municipalities to help them pay off their debts.

Alberta Motor Association has urged the \$10 car licence fee.

"We have the highest automobile licence rate in Canada," said the CCF leader. "It varies from \$10 to \$35, according to wheelbase."

"Automobile owners pay much more than the government spends on roads."

"Most families would save from \$10 to \$50 a year by a reduction of the fee to \$10."

MUNICIPAL DEBT

Mr. Roper said the provincial government could save the taxpayers money by taking some of the debt of the municipalities.

"They must borrow from the financial markets and pay up to four per cent interest," he said. "The province has \$70,000,000 lying idle."

"The premier told us in the legislature last winter that the province was earning just over one per cent on its surplus funds."

"It could therefore refund some of the municipal debt, charging the municipal taxpayers no more than one and one-half per cent, and the taxpayers would save the difference between that and what they are now paying."

No business firm had \$70,000,000 in the bank, he said, would have its branches paying three or four per cent on borrowed money. Why should the province do it?

Merchants Lays Trap, Catches 10-Year-Old

A one-boy crime wave was nipped by an alert Edmonton shop-keeper when he trapped a 10-year-old boy at the till of his bicycle store last night.

John Noll, Norwood Cycle Shop, 940-111 avenue, told police he had been troubled by previous petty thefts from his shop in the evening. So this time he left the rear door unlocked and put marked money in the cash register.

He said he found the ten-year-old at the till with a \$1 and 25 bill in his possession when he suddenly entered the store.

OTHER OCCURRENCES

Police found he also had three packages of cigarettes in his possession, which he had readily admitted stealing from the back of a truck.

At the Optimists' Home, where he was taken, the boy further admitted to stealing from the bank and to having stolen from a store.

Police found he also had three packages of cigarettes in his possession, which he had readily admitted stealing from the back of a truck.

Skilled Worker Supply Improves

Regional Employment Group Hears Apprentice Report

Canada is now "reasonably well off" for skilled tradesmen.

That's the progress report that will go from the Regional Employment Committee to the National Employment Committee. The two groups meet today in joint session as part of three-day employment parley of advisory bodies to the Unemployment Insurance Commission.

The regional committee is basing its report partly on two-year survey of the federal-provincial government "M-plan" plan, whereby apprentices have been trained in various construction and other trades.

The M-plan was inaugurated three years ago following a UIC government-construction trades conference in Montreal. At that time a dearth of skilled tradesmen in Canada was feared imminent.

It said that some young tradesmen have taken courses of technical schools across the country. The minimum pay they received while in training is paid partly by the province, partly by federal government.

Originally designed for unemployed drawing insurance benefits, the plan was later extended to include other schools by the province and the school in which they sought employment.

The project was geared so that applicants could take training in periods of seasonal or other unemployment.

Figures released show total of 1,377 too advantage of the M-plan in Alberta. Included in the list were motor mechanics, 35 electricians and 30 plumbers.

GOOD TILL 1951

For some workers, such as "B" mechanics, acceptance of the contract means a 13-cent hourly wage hike.

The present stage of negotiations marks another step in the company that saw the union apply for arbitration, Sept. 11, and then ask the government to delay naming the board pending discussion of a "compromise offer" to the city.

The proposed wage rate would bring average hourly wage operators to \$1.28 an hour as of Sept. 15, this year.

Retrospective clauses provide an increase from 1949's \$1.16 an hour to \$1.23 an hour from Jan. 1 to May 31, \$1.24 an hour from June 1 to Sept. 15.

The contract when signed will be good until June 30, 1951.

Police Hunt Holdup Man

Police are continuing their search for the second holdup man involved in Monday morning's garage hold-up at gunpoint.

Both men escaped police when they arrived at C and C Drive and found the burglars inside. Later, Gordon Manderson, identified as the man who used a gun on night man Richard Sabean, was picked up by a heat constable.

His confederate was last seen after the holdup just south of Jasper near 101 street.

Army Official Meets Authorities

Captain K. B. Cameron, from Army Headquarters, Ottawa, arrived in Edmonton last night to confer with city officials on public utility services for military base at Namoo.

The huge housing project, started last year, is expected to contain 1,000 homes.

Capt. Cameron will discuss gas, water and light services with city officials, for the married quarters on the housing project.

GBS Can Stand On Broken Leg

LUTON, England, Oct. 3.—(AP)—Playwright George Bernard Shaw now is able to stand on his broken leg, his housekeeper Mrs. Alice Loden, reported yesterday.

The 84-year-old hit out of his house last week when Shaw broke his thigh three weeks ago in a fall.

Actor Injured

MONTREAL, Calif., Oct. 3.—(UP)—Movie actor Johnny Weismuller, his wife and another couple were treated at a hospital today for minor injuries received in an automobile accident.

Claxton Sees No Letup In Peacetime Defence

OTTAWA, Oct. 3.—(CP)—Canada has no intention of slackening plans for a record, many-years-long peacetime defence effort because of the "apparently imminent collapse" of the Communists in Korea, Defence Minister Claxton said last night.

POW Probe To Be Asked

LONDON, Oct. 3.—(AP)—The United Nations are expected to demand an international probe into the fate of thousands of Russian-held German prisoners of war, official sources said today.

Russia yesterday rejected similar demands made directly to her by the United States, Britain and France.

Russia asserted repatriation of German POWs had been completed early this year with the exception of 3,317 condemned for grave war crimes, 3,013 held as suspected war criminals and 14 men who were ill.

FIGURE SMALL

A foreign office spokesman described the Russian figures as "scurdly small" and the Soviet reply to the Western demand as "unsatisfactory."

The Western powers last July claimed thousands of German POWs known to have been in Soviet custody were still unaccounted for. Lord Henderson, Parliamentary Undersecretary for foreign affairs, earlier this year estimated 1,500,000 German prisoners had vanished in Russia.

Home Paganism Perils America

LONDON, Oct. 3.—(CP)—People on the North American continent are as much in danger of their own paganism as they are of Communism, Rev. Dr. J. R. Murchison, secretary of evangelism and social service of the United Church in Canada, said in a speech yesterday.

He said a "rising tide of paganism" in North America, in which he included gambling, illegitimacy, prostitution, drinking and permissiveness, had much to do with the move to commercialism Sunday.

Hart is son of minister and said he got urge to kill from radio detective stories. He was described as "unkempt and wild eyed."

Promise of Marriage Costs City Man \$2,000

CALGARY, Oct. 3.—(CP)—Elizabeth Bychuk of Edmonton was awarded \$2,000 damages for breach of promise in a written judgment issued yesterday by Mr. Justice W. G. Egbert of the Alberta Supreme Court.

The judgment held that the agreement to marry made between Miss Bychuk and James Paulson of Edmonton, was not terminated by mutual consent but was "wrongfully repudiated by Paulson."

The judgment read in part that, while marriage is deemed to be an advancement in the world and the frustration of the reasonable expectation of this advancement is to be compensated by pecuniary damages, other considerations also enter into assessment of damages, for example injured feelings and the "wasted years."

British Minister Will Visit Canada

Change In Pound Value May Be Discussed In U.S.

LONDON, Oct. 3.—(AP)—Hugh Galskell, British minister of economic affairs, announced unexpectedly yesterday he will fly to Canada and the United States Oct. 8 to discuss "mutual economic problems."

The announcement gave new life to rumors that Britain may soon increase the dollar value of the pound. The pound was devalued from \$4.00 to \$2.80 in U.S. funds Sept. 18, 1949. Similar monetary confab in Washington preceded that action.

Government spokesman said the new talks next week would be "informal and informal." Galskell, acting treasury chief, will meet U.S. treasury secretary John Snyder in Washington.

Galskell's flying visit, coming on the heels of Canada's decision to free its dollar from controls, evoked in financial circles with persistent speculation that a boost in the value of the pound is near.

DEFENCE ANGLE

Informal sources said the top subject of discussion in Washington would be the conflict between Britain's recovery and the United States' defence spending programs. Britain has asked the U.S. for about \$1,500,000,000 to help finance the proposed three-year rearmament program.

STRAIN INCREASES
An increase in the value of the Canadian dollar will impose a greater strain on Britain's dollar reserves unless Britain increases the value of the pound sterling from the present \$2.80 in terms of U.S. currency.

The treasury avoids commenting on speculation rumors, although it qualified government information.

Bank Moves Into Camrose

CAMROSE, Oct. 3.—Canadian Bank of Commerce is planning to open a branch on Main Street at Camrose.

They will rent the Brody building which was recently vacated by Variety Store. It is expected the necessary renovation to the building will be completed by the first of November. The entire interior is being overhauled, the floor being out and a sidewalk level. A suitable front will be built in and the interior finished and furnished in keeping with the other buildings along main street.

Plans here discuss some talk as "premature."

One reason is that such rumors help strengthen the rivalry. A second reason is that the government would want to keep any restoration intentions secret as long as possible to avoid widespread financial speculation through speculation.

Harvest Halted By Bad Weather

BOYLE, Oct. 3.—Unseasonal weather has stopped harvesting operations and slowed traffic in the district.

So far falling to a depth of 2 1/2 inches and freezing temperatures, have dealt another blow to farmers here hit by drought. Fields of grain are waiting for combine crews and there is still threatening to be done.

Main highways have remained passable, but those mud has claimed most side roads.

Union Head Named

HESTER, Oct. 3.—Colin Hauck was elected president of Union high school students' Union last week.

Other officers elected were secretary-treasurer Kathleen Hauck, and grade 10 representative, Marjorie Roth.

The group decided to put on a line party Oct. 15.

Firm Loses Suit For Added Coal Subsidies

OTTAWA, Oct. 3. — (CP) — The Supreme Court of Canada in a judgment made public today, dismissed the appeal of Lethbridge Collieries, Ltd., against the Crown for additional subsidies paid on coal production.

Oil to Flow Tomorrow

Crude oil from the rich fields in the Edmonton area will begin flowing to Regina tomorrow afternoon through the newly-completed 400-mile link of the Edmonton-Regina Superior, Wye, pipeline.

At a special ceremony at 3 p.m. Premier E. C. Manning will turn a valve to officially open the first section of the Interprovincial Pipeline Company's line.

The turn of the valve will set temporary pumps into operation and first deliveries are expected to reach Regina by the end of October. By the end of November the crude will be moving as far east as Guelph, Man., when another link is completed.

Prominent guests at the ceremony will include the Right Honourable C. D. Howe, Ottawa, minister of trade and commerce; J. Grant, Calgary, president of the Western Canadian Petroleum Association; G. L. Stewart, Toronto, president of Imperial Oil Limited; Dr. O. B. Hopkins, Toronto, president of Inter-Provincial Pipeline Company.

Preparatory to the opening of the Edmonton-Regina pipeline tomorrow, a "pig" will be put into the line this afternoon to assure that the line is clear for the flow of oil. The steel bristled instrument, known to the trade as a "pig" will be carried through the line by the force of the oil flow behind it, and will be taken from the pipe at Regina.

Six Decrees Are Granted
Six divorce decrees absolute and one nisi were granted in Supreme Court Monday by Justice J. W. Howson.

The decrees absolute are Rose from Wilfrid Boyd, Alice from Myrtle from John James Forrester, Angeline from Edgar Monaghan from Bailey, Arthur Gustave from Katharina Wackerhanser, Joseph Abraham from Arline Macjean Tannous and Doris Pauline from Harry Poon. The decree nisi went to Jane from Metro Shenko.

The company claimed additional subsidies on coal produced between April 1, 1944 and March 31, 1946. The subsidy payments received amounted to \$118,004 and the colliery claimed \$153,328. The appeal came from the Exchequer Court of Canada, which had dismissed the company's claim.

From April 1, 1944, to March 31, 1945, the appellant was paid a subsidy of 12 cents a net ton of marketable coal produced and from April 1, 1945, to March 31, 1946, a subsidy of 16 cents a ton. An additional 1 1/2 cents a ton was claimed for the first of these periods and an additional 18 cents for the second.

The claim was pursued on grounds that the company was entitled to the additional payments by contract between the company and the crown, represented by the Emergency Coal Production Board.

Another ground was that by virtue of orders-in-council creating the board, and certain actions of the board taken under its powers, the appellant had a statutory right to the additional subsidies.

The appeal was unanimously dismissed with costs.

Two Men Die In Seaplane Crash
GRINDSTONE LAKE, Que., Oct. 3. — (CP) — Two men died in a plane crash near this northern Quebec lake Saturday night.

Pilot J. C. Wilson, 47, Merriton, Ont., real estate broker, and Leonard Babcock, about 40, of North Tonawanda, N.Y., were killed when their two-seater seaplane stalled while preparing to land, crashed and burned.

Wool Conference Opens In London
LONDON, Oct. 3. — (Reuters) — The fourth conference of the International Wool Study Group, an organization charged with arranging more orderly international trade in wool, opened here today. Wool is selling at all-time record prices and is an important defence commodity.

Learned tellings nearly \$1 billion have been made by the international bank for reconstruction and development in the last five years.

HIGHEST "taxi-lation" in Canada is at Yellowknife.
Two main operators of fleet of cabs which cover town's short system of gravelled streets are Mike Pirot and Fred Henne, seen operating radio control system. Even "big" business men in Yellowknife wear plaid shirts.

Mining Town's Autos Almost Entirely Taxis

YELLOWKNIFE, Oct. 3. — This isolated mining town on the north shore of Great Slave Lake is probably the town with the greatest "taxi-lation" in Canada.

To hail a cab, all you do is walk into one of the gravelled streets and stop a car—any car—and you're almost certain to have a taxi.

Until recently there were only two private cars kept year-round at Yellowknife. Recent arrivals have boosted the permanent population to six out of a total of approximately 40 cars in the town.

The result has been that taxis have made a mint of money, especially during the boom times a few years back, when fares sometimes ran \$25 for a single trip. Yellowknife has settled down to a more stable existence since then, with major income derived from the three big producing mines in the immediate area, and the taxi business has settled down with it.

TYPICAL BUSINESS
Typical of the Yellowknife taxi industry is the business started by Bill Frame and Jack Parkins six years ago.

They started out with a skiff and outboard engine providing a water taxi service to one of the mines. When the first roads were put in, they started the first auto taxi service, and the firm has been building

Hotel Strike Threat Is Ended

PHILADELPHIA, Oct. 3. — (AP) — The threat of a strike over wages against 15 major Philadelphia hotels was withdrawn tonight. The Philadelphia Hotel Association and the AFL and CIO unions threatening the strike announced a truce even as out-of-town baseball fans began arriving here for the opening of the world series between Philadelphia Phillies and New York Yankees Wednesday. Union spokesmen said negotiators for the 5,000 workers had agreed to "keep bargaining."

up ever since until today it was \$100,000.

The outfit will operate 11 cabs and three buses this fall, with headquarters in a new, fully-equipped 80x100 foot garage. Although Yellowknife's road system is only a few miles in length, the outfit finds that radio pays and all cabs are equipped with two-way sets.

New partners in the business are Mike Pirot and Fred Henne, who bought out Bill Frame.

Government Circles Quiet On Dollar

Panic Selling U.S. Funds May Hit Canadian Dollar

OTTAWA, Oct. 3. — (BUP) — One of the government's top-ranking financial advisers warned today that it was too early to cheer about the rise in price of the Canadian dollar.

He said the dollar, which climbed five per cent in value over its former fixed exchange rate in the first day of free trading in 11 years yesterday, might see-saw and land below this level.

The official who declined to be identified but is ranked in Ottawa and Washington as one of Canada's senior economists, said that if United States speculators were in too big a hurry to sell back the Canadian dollars they had bought on the chance of reaping a sizeable profit, the sudden drop in Canadian reserves of American funds would tend to lower the exchange rate.

Federal officials, especially representatives of the Foreign Exchange Control Board, watched the first day's hectic trading closely yesterday for signs of major movements of U.S. dollars out of the country.

Another question There were indications that the board would move into the money market with its \$1,789,000,000 fund of U.S. dollars to stabilize the price.

The question was how far the government would go, and what price range it would pick in its efforts to halt "any undue fluctuations," the official said. He said the funds use could stop the dollar going anywhere that federal officials considered too high or too low.

The next move appeared to be up to the Foreign Exchange Control Board which could sell out of the reserve funds to satisfy the demand of American

Leaving NFB To Air Meeting

OTTAWA, Oct. 3. — (CP) — Eugene Kaah, director of music for the National Film Board since 1942, is leaving the board immediately to become full-time conductor of the Ottawa Philharmonic Orchestra, it was announced.

Norwegian lumber production for the 12 months ending July 1, 1950, totalled 224,500,000 cubic feet.

Iceland to Go To Air Meeting

MONTREAL, Oct. 3. — (CP) — Flugfélag Islands, Iceland airlines, has been admitted to the International Air Transport Association and is scheduled to send a delegate to San Francisco for the world airline organization's annual general meeting Oct. 16-20, it was announced yesterday.

Retire on \$250 a month!

The knowledge that you, too, will receive a \$250 cheque monthly when you retire can lengthen your life; it can bring new happiness into your life from the day you take your Retirement Income Policy. Plan to have more than just enough to get by. Raise your retirement income to the "comfortable" level. You can do it easier with a Retirement Income Policy, and an early start makes it easier still. See a North American Life representative now and get the details.

Former Boston Mayor Is Dead

BOSTON, Oct. 3.—(AP)—John F. Fitzgerald, 77, twice mayor of Boston and father-in-law of the former U.S. ambassador to Britain, Joseph P. Kennedy, died last night at his home. One of the most colorful figures in the history of Boston politics, the life-long democrat was elected to congress — three consecutive times — from 1895-1915.

Manila, the capital of the Philippines, was founded by the Spaniards in 1571.

Varsity Prexy Decries Modern Day Trends

VICTORIA, B.C., Oct. 3.—(CP)—Sex and soft, lush, living are being over-emphasized in the modern world, Dr. N. A. MacKenzie, president of the University of British Columbia, yesterday told the Canadian Education Association here.

Speaking before 300 delegates to the association's 17th annual meeting, Dr. MacKenzie said the idea that everyone was entitled to fabulous luxury was a bad one. Yet, he said, that was the idea being preached today.

"Over-emphasis of sex combined with living is unhealthy and it is not likely to produce men and women who can cope with the toughness of the Communist part of the world."

He was not opposed to comfort, however, but he was in the axiom that people can have too much of a good thing.

Too much of it, he considered today's mass media of information and recreation—radio, movies, advertising, television.

Worst Epidemic Of Polio Ends

ROANOKE, Va., Oct. 3.—(AP)—School finally opened yesterday on the eve of the worst polio epidemic in United States medical history. The 5,800 children of Wythe county—usually reluctant, like all children, to go to school—were glad to go back to school. The epidemic, which began in 1945, ended in 1949.

The telegraph link between India and Japan was reopened Aug. 2, 1950, after nearly nine years.

U.K. Labor Unions Rap Labor Gov't

Leaders In Wrangle When State Industries Criticized

MARGATE, England, Oct. 3.—(CP)—Powerful union leaders fought each other at the Labor Party's annual conference yesterday over whether to force the government to shake up the management of state-owned industries.

Parents Get Lecture On Eye Mishaps

WASHINGTON, Oct. 3.—(AP)—Smoking by mothers ranks high among the causes of eye accidents to very young children, a medical conference here was told today. Mothers were warned not to smoke while feeding, dressing or otherwise ministering to such children.

Fathers were also warned, too, against smoking while holding children over their shoulders.

The seriousness of the hazard was explained by representatives of the District of Columbia Society for the Prevention of Blindness. The organization is putting on an exhibit of children's eye injuries during the annual scientific assembly of the District of Columbia Medical Society.

Representatives of the exhibiting society said eye burns due to cigarette ash were the most common cause of eye injuries seen among very young children at two Washington hospitals.

Suspected Clothing Thief Shot Dead

NEW YORK, Oct. 3.—(AP)—A suspected thief who had been killed a suspected thief on the steps of a subway station at 43rd street and Sixth avenue.

The man, identified as William V. Hunter, about 25, of Philadelphia, was suspected of stealing two suits of clothes.

Champion Of Rights For Women In City

Ethel Thornton Waves Banner For Equal Pay, Opportunity For Women

By Barbara Fossick

"Little Suffragette" is the affectionate name given Miss Ethel Thornton by members of the National Employment Commission conferring in Edmonton this week.

Last Year's Hat May Be Converted For Today's Date

New York hat designer Mary Quant — who's a former Montrealer — has a few tips for the girl who got a lot of nice hats — but all of them last year's vintage. She says there are many ways of re-furbishing last year's chapeau to make it look right up to date.

She says the small hat — which perched on the back of the head last year — can easily be re-modelled into a close-to-the-head hat with the addition of veiling and ear coverings of matching fabric.

Last year's calot — the little beanie type of hat — can join the intercom-moderate type of millinery with the addition of a wingsweep of feathers over one ear — or a large bow of contrasting taffeta or felt.

Women have a right to exercise jobs, to be in at the policy-forming level of committees and commissions, and not just as secretaries or clerks.

Enlarging on the subject of older women, she continued, "Qualifications, not youth should count with employers. There should be no discrimination. Older workers are generally staidier and more responsible, and add age to experience."

Secretary-treasurer of Winnipeg's Norwood School Board since its inception 28 years ago, Miss Thornton, honorary president of U and I Women's Clubs, is a firm supporter and champion of the working woman.

FORECASTING a wedding of Oct. 28 engagement is announced by Mr. and Mrs. W. A. Young of Dawson Creek, B.C. Their daughter Leanne Edith will become the bride of Walter Irwin Raedke, son of Rev. and Mrs. W. A. Raedke of St. Louis, Miss. Wedding will take place in Grace Lutheran Church at 7:30 p.m.

Jessie Ruth Backstrom Weds Sgt. R.F. Deacon

Baskets of gladioli and sweet peas decorated Central Church of Christ recently for evening ceremony uniting in marriage Jessie Ruth Backstrom and Sgt. Roland F. Deacon.

Revealed in marriage by her father, C. Backstrom of 280-mission, Sgt. Deacon's parents, Mr. and Mrs. R. F. Deacon, make their home in Lenoxyville, Que.

Rev. G. E. Cays performed the ceremony in which the bride wore a gown of white brocade, satin. Her illusion veil was fastened by white lilies to a white sash and lace headpiece. She carried a cascade of red roses.

Her attendants, Mary Backstrom and Lorette Graham, wore gowns of tulle and satin in yellow and green, respectively. Both wore matching coronets and mittens and carried colonial bouquets.

Best man was A. Hansen, Usher were A. Sloan and G. Fletcher. Reception followed at home of Mr. and Mrs. G. S. Fletcher.

Leaving for Calgary where the young couple will make their home, the bride changed in a turquoise suit with brown accessories.

Calendar makers disregarded the new year and passed it on to 1961. As to 1960, there have been only 190 days since 1 B.C. rather than 1950.

JW Give \$5,000 To Mental Health Project

Mental health project, backed by National Council of Jewish Women, has been helped by a \$5,000 donation.

Cheque was presented to Dr. Clarence Hinkley, general director of Canadian Mental Health Association, by Mrs. Harold Lurie, national council president.

At the presentation Dr. Hinkley said "National Council of Jewish Women is the first lay organization in Canada to recognize the importance of non-professional persons in promoting public understanding in this area."

"This contribution will make possible provision of study groups and institutes to great numbers in many Canadian centres. It will also stimulate work of such groups by providing them with suggested study material."

NEED UNDERSTANDING "There can be no adequate understanding of mental health unless we have a better understanding of the human mind."

Whirl Differently In the Northern Hemisphere, clockwise, what an eerie contrast to the clockwise in the Southern Hemisphere they whirl clockwise.

Now! Proof that BRUSHING TEETH RIGHT AFTER EATING WITH COLGATE DENTAL CREAM HELPS PREVENT TOOTH DECAY!

2 Years' research by LEADING UNIVERSITIES proves that test groups brushing teeth right after eating with Colgate Dental Cream showed amazing reduction in tooth decay!

Under the direction of eminent dental authorities, one group of college men and women always brushed their teeth with Colgate Dental Cream (right after eating) — while another group followed their usual dental care. The average of the group using Colgate's as directed, and using Colgate's exclusively, was a startling reduction in the number of new cavities — far less tooth decay. The other group developed new cavities at a much higher rate.

FURTHER PROOF FROM SCHOOLS CHILDREN

Leading Canadian dentists examined and directed over 8,000 school children in corrective dental habits. In addition to diet changes where required, the children were asked to brush their teeth after each meal.

The results! 16% fewer children with tooth decay!... Cavities dropped from an average of 1 per child to just over .3!... 53% more children received dental care that prevented either loss of teeth or serious dental troubles later in life!... The number of children with no defects increased by 200%!

HELPS YOUR BREATH AS IT CLEANS YOUR TEETH! Scientific tests prove that in 7 out of 10 cases, Colgate's instantly stops bad breath that originates in the mouth! Colgate's active penetrating foam gets into hidden crevices between teeth — helps clean out decaying food particles — keeps constant saliva flow — removes the cause of much bad breath!

ALWAYS USE COLGATE DENTAL CREAM right after eating HELP PREVENT TOOTH DECAY

Dorothy Skjel Becomes Bride Of Faye D. Bean

MILLET—Wang Lutheran Church in Wetaskiwin district, was setting for recent wedding of Dorothy Irene Skjel and Faye D. Bean.

Bride is daughter of Mr. and Mrs. Eric Skjel, and her husband is son of Mrs. J. Murphy of Stettler.

Rev. E. G. Walker performed the ceremony.

Given in marriage by her father, the bride wore a gown of white brocade, satin with a floor-length veil which cascaded from a satin coronet.

She carried a coronet of Tulle man roses, and for her only jewelry wore a two-stone necklace of pearls, gift of the bridegroom.

BLUE AND YELLOW Miss Phyllis Cates of Leduc was bridesmaid, wearing blue tulle with matching bouquet and coronet of flowers.

Maid of honor was Miss Lucille Blom of Stettler, who chose pale yellow for her tulle gown. She carried a colonial bouquet of matching flowers and wore a coronet of fresh flowers in her hair.

Earl Skjel was best man. Usher were Lawrence Blom of Stettler and Winston Jordahl of Millet.

Following the ceremony a reception was held for 60 guests at the home of the bride's parents.

After a honeymoon at Banff and Jasper the newlyweds will make their home in Leduc.

A wedding dance at Wang hall was held after the home reception.

Uncle Wiggly's Bedtime Story

Chief, the big police dog, had been changed into a little puppy dog. That happened when Bunty spilled some shrinking water on him. Bunty changed Chief into a small puppy so the police dog could crawl through the little underground tunnel leading out of the rabbit hole.

Chief was going to find Cousin Jumper here who was off on some adventure. But Uncle Wiggly called to Chief.

"Wait! Wait for me!"

"Why can't you hop right along with me?" barked the little police dog. "Come on, Wiggly, you and Buster. We'll find Cousin Jumper. I am not very big, I am still too large to crawl after you through the small tunnel."

"We shall soon fix that," said Bunty. "I will sprinkle some of the shrinking water on you, Uncle Wiggly."

Being small now he could easily hop through the tunnel. Bunty was hopping near Uncle Wiggly. But Buster did not follow them.

"What's the matter?" barked Chief. "Why don't you come along with us, Bunty?"

"Bunty is only a rabbit boy. He can't hop like a rabbit. He can crawl through the small tunnel."

"Oh, Buster, please excuse me. If the coffee pot will please stop rattling, I'll forget all about you. Here is some shrinking water to hop at the face of the clock."

Then he could easily crawl through the tunnel with Uncle Wiggly. Bunty and Chief to go.

"Did you have any of that shrinking water?" asked Uncle Wiggly of Bunty.

"Yes, I did, Uncle Wiggly. But why do you need any?" asked the little rabbit boy. "We have all become so small that we can easily jump over the tunnel now."

"I was thinking of Cousin Jumper," said Uncle Wiggly. "He may be stuck in that tunnel and you may have to sprinkle him with the shrinking water, Bunty."

"I have some left for him," answered Bunty. "I wish we could find him. He must have fallen into another adventure."

Suddenly, from up ahead, Chief could be heard barking.

"There's no use going on any further, Wiggly. This tunnel has come suddenly to an end. We can't go out and Cousin Jumper isn't here."

"Then we must go back," said Uncle Wiggly. "Cousin Jumper may be down in some side tunnel. We must find him!"

So they all went back to the place of the beginning. As they came out of the rabbit hole where they had gone in, there they found Cousin Jumper sitting on the grass. But he was doing something funny. He was looking at his watch.

"I will tell you about it tomorrow," said Uncle Wiggly.

"Oh, Buster, please excuse me. If the coffee pot will please stop rattling, I'll forget all about you. Here is some shrinking water to hop at the face of the clock."

FINANCE BRIEFS

Mines Await Decision On Gold Subsidy

TORONTO (CP) — V. Wandsworth, executive director of the Canadian Metal Mining Association, said yesterday the mining industry will "regretfully" await the government's decision as to whether its production subsidy for margin gold mines is to be continued beyond this year.

"Continuation of cost-aid beyond 1950," said in a statement, "will be of vital importance to the marginal mines and their dependent communities."

LONDON — (Reuters) — South African gold shares prices declined on the London Stock Exchange today.

Many issues came under selling pressure from Johannesburg and local sources and losses were severe in some instances. The falls were accompanied by nervousness concerning the future of the gold industry in the grip of revaluation fears. Officials, however, were occasionally above the line.

In other sections the trading period ended quietly and price movements were minor.

The market in Canadian securities was quiet and prices were fractionally lower where changed. The exchange will remain open a half hour longer today beginning Oct. 20.

MONTREAL (CP) — The United States dollar sold at \$1.34 in Canadian currency at noon today on the foreign exchange market here.

TORONTO (CP) — C. H. Millard, Canadian director of the United Steelworkers of America (CIO-CLC), last night criticized the government's move toward the Canadian dollar.

"A wild shot on the international board does not seem consistent with the necessity of keeping things on an even keel today," he said.

SPOKANE, Wash. — AP — Post-World War II gold prices in the Spokane area were ordered to issue more money orders payable from Canadian funds further notice.

The order issued from post office headquarters in Washington, D.C., was presumably a result of the unsettled condition of the Canadian dollar.

WINNIPEG (CP) — Western Grain Co. today reported net loss of \$84,000 for the fiscal year ended July 31.

It listed total current assets of \$2,330,662 against total liabilities of \$2,424,178.

"Due to poor crop conditions in southwestern and western Saskatchewan, receipts at the company's country elevators located in that area were small, which was largely responsible for the loss," said W. A. Cruise, president, in a statement to shareholders.

"The stock is to be sold to other shareholders."

"Sir William said the action was taken 'to protect the business, the workers and our families' from the 'dramatic effects' of estate taxes when the brothers die."

The company has 5,000,000 shares outstanding of which the brothers hold 2,860,800.

Wheat Board Closes

WINNIPEG, Oct. 3 (CP) — Wheat board officials today said that the board's wheat price for the fiscal year ended July 31 was \$1.34 per bushel.

The board's wheat price for the fiscal year ended July 31 was \$1.34 per bushel.

The board's wheat price for the fiscal year ended July 31 was \$1.34 per bushel.

Daily Average Output Down Again In Alberta

Daily average oil production in Alberta has dropped for the second week in succession, according to the Petroleum and Natural Gas Conservation Board.

Daily average oil production for the week ending September 25 was 3,840 barrels, a record 30,200 barrels for the previous week and the all time high of 36,538 barrels for the week ending September 11.

The daily average production figure of 15,833 barrels from the record high, and 5,710 from the week ending September 18.

Only fields to show an increase in production over the previous week were Turner Valley, with 328 producing wells for both weeks, where the daily average jumped from 8,553 barrels to 8,118, and Joseph Lake, with 15 producing wells where the average jumped from 698 barrels to 737 barrels.

Leduc, with 460 wells capable of producing for the week ending September 25 as against 454 wells for the previous week, dropped its average from 35,668 to 32,537 but still managed to keep its average at 230 barrels more than during the record week ending September 11.

Redwater increased its producing wells from 614 to 621 but still dropped its average from 36,532 to 35,668 barrels.

All wells showed a large increase, however, in a statement, "will be of vital importance to the marginal mines and their dependent communities."

Ten new locations for drillers have been added in Alberta, according to the weekly report of the Conservation Board.

The new locations include seven in the Redwater field, four of which were taken by Imperial; two at Leduc taken by Imperial; one at Lloydminster taken by Husky Oil Ltd.; Superior Joseph Lake No. 1 at Joseph Lake and five wildcats, four of which by Husky on the same section.

Husky Oil Ltd. has taken Husky J.S.P. Kitey No. 3, 4, 5 and 6 on the same section as the Kitey No. 1 abandonment. Located about 12 miles northwest of Lloydminster, the sites are in subdivisions three, five, six and five of section 18, 31-2-20.

The other wildcat, High Crest, Lone Island No. 1 about 20 miles north of Edmonton, is located in 14 of 2, 36-24-20.

A new slate of directors for Calumet Oil Ltd. and Calumet Ltd. has been elected.

Directors of Calumet now are G. E. Watt, R. G. Smith, C. S. Robinson, J. Condon, H. R. Miller, K. C. J. Spratt and R. F. Will.

The directors appointed Mr. Watt, president; Mr. Condon, vice-president and managing director, and J. Laurin, secretary-treasurer.

Electrical Calumet directors were Messrs Spratt, Condon, Watt, Robinson and Miller. Mr. Spratt was appointed president. Mr. Condon vice-president and managing director, and Mr. Laurin, secretary-treasurer.

A total of 17 wells found answers last week: 17 struck oil and one was completed as a gas well. There were no abandonments.

Leduc accounted for five new wells to make a field total of 460. Imperial brought in two to boost its Leduc score to 282. Okla. this brought in its 11th success—Okla. No. 1 in the 1st zone. Hudson's Bay Oil and Gas brought in No. 8-4 for a total of three, and Altonite Petroleum of Vancouver brought in their second well in the field, Altonite-Malino-Leduc No. 2.

Nine wells found oil at Redwater with Imperial bringing in six of them to give the company 316 in the field. Western Leasehold and Associated marked up a total of 63 Redwater wells when Dome Western Simmons No. 31-1 and No. 31-2 found oil. Rosville found oil in the Rosville field. No. 431 to give them a total of 38. Field total was now 656.

Pair Build Own Cruiser

HALIFAX (CP) — G. B. Isaac, a student at the Maritime College of Arts and Sciences, and a friend, have built a model of a cruiser, which they plan to start another pleasure craft, which will be the first of its kind in the world.

Action Steady On Oil Mart

CALGARY, Oct. 3 (CP) — Action remained steady on the oil market today, with 30,240 barrels traded.

Calumet was the most active trader, with 15,800 shares traded, closing at 50.

After 7:30 a.m. 30,240 barrels of oil, valued at \$1,340,000, were traded on the market. The total for the week ending September 25 was 15,833 barrels, a record high, and 5,710 from the week ending September 18.

Only fields to show an increase in production over the previous week were Turner Valley, with 328 producing wells for both weeks, where the daily average jumped from 8,553 barrels to 8,118, and Joseph Lake, with 15 producing wells where the average jumped from 698 barrels to 737 barrels.

B.C. Tory Chief Faces Wrath of Young Click

VANCOUVER, Oct. 3.—(AP)—A rebel movement to oust Finance Minister H. H. Brown from the British Columbia Progressive Conservative Party is gathering momentum.

For months a younger faction, led by the Young Progressives, has been agitating for the ouster of Mr. Brown, a province-wide campaign against him.

The charges have been made that he allowed Liberal members of the provincial government to dominate the coalition administration formed in 1941 to crack the G.P.C. coalition in the election of 1945.

The leadership, with Mr. Brown, is expected to meet before 600 delegates at the party's provincial convention Friday and Saturday.

It will be a contest, Mr. W. C. Bennett, outspoken leader of the South Okanagan, has said, to decide if the party should be reformed.

There may be others, E. Davis, a member of parliament for Kamloops, said, and not known to the province for his fight against Communism in Canada, has been mentioned.

Mr. Bennett announced last week that he had resigned from the party, but when Mr. Brown was mentioned his comment was "The convention must decide."

General McFarland, Mr. Bennett has been a cabinet minister since 1945, but he has also been criticized for retaining his position with the party and his duties.

It is claimed British Columbia is the only part of the Commonwealth that does not adhere to the British tradition of retaining its position with the party and his duties.

Mr. Bennett, 50, says his first objective as leader would be to "take our party. Discard existing members of the federal and provincial governments in B.C. It does not exist in any other province."

New High Is Forecast In Cost of Living Index

OTTAWA, Oct. 3.—(CP)—Canadians get a new glimpse at their official cost-of-living index this week, and they won't be surprised if it has hit another new high.

The figures which the Bureau of Statistics will issue will be the month of August. That was a month prior to the time the government took a number of so-called anti-inflationary steps which probably don't be reflected in the index until October.

In July the index jumped 1.8 points from 197.5 to 199.3. With new high last week the beginning of the year under the influence of higher prices for food, shoes, piece goods and coal and coke in Ontario.

Mr. Hart's body was found April 24 in the ditch of an uncompleted road. There were bullet holes in the head and the body was badly burned. At Hart's funeral, 3,000 mourners gathered to pay tribute to a man who had been a hero.

Korean Unity Plan Gaining Support

CANADA, Australia Line Up Behind Eight-Country Plan

LAKE SUCCESS, N.Y., Oct. 3.—(AP)—An eight-country plan to unify Korea under United Nations auspices gained powerful support from Canada and Australia today as sentiment mounted against a Russian program intended to stop UN forces in their tracks.

Australia, along with Britain and six others, is a sponsor of the eight-country plan. Russian-sponsored Percy Spender, Australian minister for external affairs, was expected to say tonight that Gen. MacArthur's troops have the right to go clear China borders in carrying out a UN program for Korea.

Most delegates believe that, but only foreign minister Carlos P. Romulo of the Philippines has pledged support in the assembly. The general assembly of 60-country political committee that decisions of the security council give MacArthur the power to act.

Canada's support of the plan was announced by external affairs minister L. B. Pearson, who promised complete support for the eight-country plan. He said Russia's proposal for a cease-fire now would have the effect of stopping UN troops at the 38th parallel, wherever they are in Korea.

India was on today's speaking schedule, along with Australia. Fresh instructions from New Delhi shortly before the session began were expected to give the chief delegate Sir Bhabha N. Das the cue for his line.

Debate is expected to begin today. The plan is to divide the peninsula into two parts, one to be governed by the UN, the other by the Russians, and to hold elections in the future.
